

$$C + T = P$$

Cooperation + Tolerance = Peace

It is not the search for peace (for all seeking is, necessarily, based on prior, or presumed, separation from what is being sought), but the active affirmation and enactment of peace (or the presumption of prior, or always already present, unity and non-conflict—as a condition to be always affirmed, depended upon, enacted, and preserved) that is the true and only means for the realization of peace.

Thus, in practical terms, it is only on the active foundation of ego-transcending cooperation and tolerance that it is possible for peace (or right life) to be established among living beings of any form or kind.

“Cooperation + Tolerance = Peace” is the Great Alternative to the egoic path of inevitable universal destruction—and, therefore, that moral Law must become a universally accepted (and expected) moral and practical “self”-discipline. Through the universal application of this great moral Law, the gathering of the Earth-wandering peoples of the world can feel their real strength and prior unity (or inherent connectedness to one another)—and their collective power to transform the “usual” (or “real”) politics of egoity, and so actually create and maintain human peace in the natural world.

Everyone should become positively disposed to the establishment of a real and true global cooperative human community—because that global cooperative human community is not merely a “utopian ideal”, but a practical and actually realizable necessity for the physical survival and the natural well-being of humankind and even all of Earthkind.

The Formula for World Peace must be embraced as the necessary politics of the future.

Cooperation and tolerance is the necessary and exact “price” for peace—the “treaty cost” for the survival of humankind, Earthkind, and Earth itself.

This is the necessary “new paradigm” for the human design of future effort.
